Beta 2 Transferrin, Body Fluids
Order Code: B2TSF
CPT Code: 86335

Temporary Order Code
Order Code: BETA2
CPT Code: 86335
Referral Laboratory: Mayo Medical Laboratories

Effective February 27, 2020, Beta 2 Transferrin Body Fluid testing (B2TSF) will change order codes to BETA2 and will continue to be sent to Mayo Medical Laboratories until the testing resumes at MLabs.

EFFECTIVE DATE: March 19, 2020

TEST OBSOLETE

Certolizumab pegol and Certolizumab Antibodies
Order Code: FCERT
CPT Code: 80299, 83520
Referral Laboratory: Mayo Medical Laboratories

Effective March 19, 2020 MLabs will discontinue Certolizumab pegol and Certolizumab Antibodies (FCERT) due to Mayo Medical Laboratories discontinuing the test.

Recommended Test

Certolizumab pegol and Anti-Certolizumab Antibodies, DoseASSURE CTZ
Order Code: FCZAC
CPT Code: 80299, 83520
Referral Laboratory: Mayo Medical Laboratories

Collection Instructions: Collect approximately 5mL of whole blood in a red top or serum separator tube (SST). Spin and aliquot approximately 3 mL of serum into a plastic vial and freeze.

Methodology: Electrochemiluminescence immunoassay (ECLIA); Surface Plasmon Resonance

Reference Ranges:

mlabs.umich.edu
800.862.7284
IMPORTANT TEST UPDATES
TEST UPDATE 705

Certolizumab: Quantitation Limit: <1.0 ug/mL. Results of 1ug/mL or higher indicate detection of Certolizumab.

Anti-Certolizumab Antibody: Quantitation Limit: <40 ng/mL. Results of 40 ng/mL or higher indicate detection of Anti-Certolizumab pegol antibodies.
